

CSS实现高亮光弧效果

CSS实现高亮光弧效果 使用CSS3实现的一个高亮光弧效果，当鼠标hover到某一个元素上时，一道光弧从左向右闪过，效果如下：

代码如下：

```
!DOCTYPE html>
<html lang="en">
<head>
  <meta charset="UTF-8">
  <title>light</title>
  <style>
    body{
      margin: 0;
    }
    a.floor{
      display: block;
      height: 475px;
    }
    a.floor:hover:before{
      -webkit-transition: left 1.5s;
      -moz-transition: left 1.5s;
      transition: left 1.5s;
```

```

        left: 920px;
    }

    a.floor:before{
        content: "";
        position: absolute;
        width: 80px;
        height: 475px;
        top: 0;
        left: -150px;
        overflow: hidden;
        background: -moz-linear-
gradient(left, rgba(255, 255, 255, 0) 0, rgba(255, 255, 255, . 2) 50%, rgba(255, 255, 255, 0) 100%);
        background: -webkit-gradient(linear, left top, right top, color-
stop(0%, rgba(255, 255, 255, 0)), color-stop(50%, rgba(255, 255, 255, . 2)), color-stop(100%, rgba(255, 255, 255, 0)));
        background: -webkit-linear-
gradient(left, rgba(255, 255, 255, 0) 0, rgba(255, 255, 255, . 2) 50%, rgba(255, 255, 255, 0) 100%);
        background: -o-linear-
gradient(left, rgba(255, 255, 255, 0) 0, rgba(255, 255, 255, . 2) 50%, rgba(255, 255, 255, 0) 100%);
        -webkit-transform: skewX(-25deg);
        -moz-transform: skewX(-25deg);
    }
</style>
</head>
<body>
<a class="floor" href="javascript:;">
    
</a>
</body>
</html>

```
